Re: Liberty Housing Development Corporation
Liberty52: Community Integration
Consideration of Resident, Public Housing Resident, and Community Group Comments

Dear Mr. Jeremiah:

On October 23, 2014, Liberty Housing Development Corp. presented the plans for the Liberty52: Community Integration project at a community meeting held by the area's Registered Community Organization (RCO). We have considered the comments from residents, public housing residents, and representatives of the community groups in attendance at that meeting in the plans for the Liberty52 and in our overall approach to revitalization of this blighted, vacant property. We will continue to consider public comment as this project progresses.

Sincerely,

A handwritten signature in black ink, appearing to read "BJ Connus", written over a horizontal line.

Bruce J. Connus
